

11th International Tbilisi Symposium On Logic Language And Computation Tbillc

Unveiling the Frontiers of Logic, Language, and Computation at TBiLLC

Prepare to embark on an intellectual journey as we delve into the enthralling world of logic, language, and computation at the 11th International Tbilisi Symposium on Logic, Language, and Computation (TBiLLC). This prestigious symposium, held in the vibrant city of Tbilisi, Georgia, promises to gather renowned scholars, researchers, and enthusiasts from around the globe.

Logic, Language, and Computation: 11th International Tbilisi Symposium on Logic, Language, and Computation, TbiLLC 2024, Tbilisi, Georgia, September 21-26, ... Notes in Computer Science Book 10148)

A Gathering of Brilliant Minds

TBiLLC provides an unparalleled platform for experts in logic, language, and computation to share their cutting-edge research, engage in stimulating discussions, and foster new collaborations. The symposium attracts a diverse range of participants, including:

- Logicians exploring the foundations of mathematics, reasoning, and inference
- Linguists investigating the structure and meaning of human language
- Computer scientists advancing the frontiers of computation, artificial intelligence, and machine learning
- Philosophers examining the nature of mind, knowledge, and reality

A Kaleidoscope of Research Topics

The TBiLLC symposium encompasses a wide spectrum of research topics at the intersection of logic, language, and computation. Expect to encounter presentations and discussions on:

- Formal semantics and pragmatics
- Natural language processing
- Logical foundations of programming languages
- Automated reasoning and theorem proving
- Computational linguistics
- Logic and game theory
- Quantum computation and logic

Thought-Provoking Discussions

Beyond the formal presentations, TBiLLC fosters a vibrant intellectual atmosphere through its interactive discussions and panel sessions. Engage with leading experts, challenge perspectives, and contribute to the collective advancement of knowledge in these fascinating fields.

A Gateway to Tbilisi's Cultural Tapestry

While immersing yourself in the intellectual pursuits of TBiLLC, take advantage of the opportunity to explore the captivating city of Tbilisi. Discover its ancient history, vibrant culture, and delectable cuisine. Stroll through the charming streets of the Old Town, marvel at the grandeur of the Narikala Fortress, and indulge in the lively atmosphere of the Tbilisi Opera and Ballet Theatre.

Expand Your Knowledge Horizons with TBiLLC

The 11th International Tbilisi Symposium on Logic, Language, and Computation (TBiLLC) is an unmissable event for anyone passionate about these interconnected disciplines.

Join us in Tbilisi for an intellectually stimulating and enriching experience. Register today and become part of the global community of scholars pushing the boundaries of logic, language, and computation.
