

25th European Symposium on Research in Computer Security (ESORICS 2024) Guildford

Overview

The 25th European Symposium on Research in Computer Security (ESORICS 2024) will be held in Guildford, UK, from September 9-12, 2024. ESORICS is a leading international conference on computer security research. The conference brings together researchers, practitioners, and students from all over the world to discuss the latest advances in computer security.

Computer Security – ESORICS 2024: 25th European Symposium on Research in Computer Security, ESORICS 2024, Guildford, UK, September 14–18, 2024, Proceedings, ... Notes in Computer Science Book

The theme of ESORICS 2024 is "Security in a Connected World." The conference will focus on the challenges and opportunities of securing the

increasingly connected world in which we live. Topics of interest include, but are not limited to:

- Cryptography and cryptanalysis
- Network security
- System security
- Privacy and data protection
- Security in emerging technologies

Important Dates

- **Paper submission deadline:** March 15, 2024
- **Notification of acceptance:** May 15, 2024
- **Camera-ready deadline:** June 15, 2024
- **Conference dates:** September 9-12, 2024

Submissions

ESORICS 2024 invites submissions of original research papers on all aspects of computer security. Papers should be submitted electronically in PDF format via the conference website.

All submissions will be peer-reviewed by a panel of international experts. Accepted papers will be published in the conference proceedings.

Registration

Registration for ESORICS 2024 will open in May 2024. The registration fee includes access to all conference sessions, the conference proceedings,

and coffee breaks.

A limited number of travel grants are available for students and researchers from developing countries. Applications for travel grants can be submitted via the conference website.

Venue

ESORICS 2024 will be held at the University of Surrey in Guildford, UK. Guildford is a beautiful historic town located about 30 miles southwest of London.

The University of Surrey is a leading research-intensive university with a strong reputation in computer science and security. The university is home to the Centre for Cyber Security and Privacy, which is one of the largest and most respected cybersecurity research centers in the UK.

Accommodation

A variety of accommodation options are available in Guildford, including hotels, guesthouses, and bed and breakfasts. The conference website will provide a list of recommended accommodation options.

Contact

For more information about ESORICS 2024, please visit the conference website or contact the conference organizers at
