

Between Race and Empire: A Journey Through the British Empire and Its Legacies

In his groundbreaking book, *Between Race and Empire*, historian C.L.R. James explores the complex relationship between race and empire, from the British Empire to the present day. James argues that race has been used as a tool of oppression and domination by imperial powers, and that the legacy of empire continues to shape the world we live in today.

James begins his book by examining the origins of racism in the European Renaissance. He shows how Europeans began to develop a sense of superiority over other peoples, and how this sense of superiority was used to justify the conquest and colonization of the Americas, Africa, and Asia.

James then traces the development of the British Empire, and the role that race played in its expansion. He shows how the British used race to divide and conquer their subjects, and how they created a system of racial

hierarchy that placed white Europeans at the top and non-white peoples at the bottom.

James also examines the impact of empire on the lives of people of color. He shows how colonialism has led to the dispossession of land, the destruction of cultures, and the exploitation of labor. He also shows how racism has been used to justify violence against people of color, from slavery to lynching.

James concludes his book by arguing that the legacy of empire continues to shape the world we live in today. He shows how racism and discrimination are still major problems in many parts of the world, and how the economic and political inequalities that were created by empire continue to persist.

Between Race and Empire is a powerful and challenging book that offers a new perspective on the history of race and empire. James's insights are essential reading for anyone who wants to understand the world we live in today.

Praise for *Between Race and Empire*

"A brilliant and timely book that challenges our understanding of race and empire. James's insights are essential reading for anyone who wants to understand the world we live in today." —Ibram X. Kendi, author of *How to Be an Antiracist*

"A groundbreaking work that will change the way we think about race and empire. James's scholarship is impeccable, and his writing is both clear

and engaging." —Roxanne Dunbar-Ortiz, author of An Indigenous Peoples' History of the United States

"A must-read for anyone who wants to understand the complex relationship between race and empire. James's book is a powerful and challenging indictment of racism and colonialism." —Michelle Alexander, author of The New Jim Crow

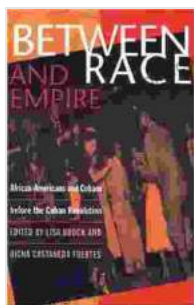

About the Author

C.L.R. James was a Trinidadian-British historian, political activist, and writer. He was one of the founding members of the Pan-African Movement, and he played a major role in the struggle for independence in Trinidad and Tobago. James's work has had a profound impact on the study of race, empire, and colonialism.
