From literature to politics, art to science, these essays offer a unique and indispensable perspective on the world we live in. With contributions from luminaries such as Salman Rushdie, Joan Didion, Martin Amis, and John Updike, this collection is a must-have for anyone interested in intellectual discourse.

The essays in this volume are as diverse as the writers themselves. Some are deeply personal, offering insights into the lives and minds of some of the most creative and influential people of our time. Others are more analytical, exploring complex issues with clarity and precision.

Whether you're a long-time reader of *The New York Review of Books* or you're just discovering it for the first time, **Collected Essays: New York Review Classics** is a treasure trove of intellectual delights that you'll return to again and again.
